U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on DECEMBER 18, 1977
- Export Shipments in
Current Marketing Year
- Daily Sales Reported
DECEMBER 19 - 25, 1977
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of December 29, 1977 (based on reports from exporters for the week ending December 18 unless otherwise noted.

Wheat: Sales activity was modest as the holiday season approached. Colombia was the major buyer, adding 323,300 metric tons (MT) of Hard Red Winter for the current marketing year (MY) and 180,000 MT for 1978/79. Portugal was also a significant buyer as purchases of 100,000 MT of Soft Red Winter were reported. The export pace eased from the level of recent weeks.

Corn: Market activity was relatively slow with no one country dominating purchases. The Netherlands was the only country adding more than 100,000 MT to total purchases, principally a shift from unknown destinations. Exports were strong, continuing near the million MT level for the fifth consecutive week.

Rice: Export interest picked up after a 2-week lull with the important Middle East markets accounting for the bulk of the new purchases. Iran added 39,000 MT of long grain for the current MY and 13,000 MT for 1978/79. Exports were modest.

Cotton: Sales volume was the largest in eight months with significant sales to Japan, Hong Kong, Korea, and Taiwan. Exports moderated as 84,300 RB were shipped, 70 percent to Asia and 23 percent to Western Europe.

Soybeans: Sales activity (232,000 MT) slowed from the level of recent weeks with the EC and other West European countries accounting for nearly two-thirds of net increase in sales. Poland's initial purchase (21,300 MT) of the MY was reported. Exports (493,000 MT) were heavy with the EC accounting for over 56 percent. The initial shipment of the MY was reported to Egypt.

Soybean Cake and Meal: Net sales (87,800 MT) picked up sharply from a week ago with the EC accounting for over three-fourths of the increase. Iran cancelled purchases of 25,000 MT. Exports (103,100 MT) continued at a moderate pace, going to the EC, other West Europe and Eastern Europe.

Soybean Oil: Activity was modest. Sales to India of 19,000 MT included the switch of 14,000 MT from unknown. New sales of 12,000 MT to unknown were reported. Exports (3,600 MT) included 3,000 MT for Australia.

Barley, Oats, and Sorghum: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
